THE HERALDRY SOCIETY

REPORT OF THE TRUSTEES

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution

The Society is a Company limited by guarantee governed by its Memorandum and Articles of Association (last amended November 2022) and is a registered charity. The Council of the Society is the board of directors of the company and the board of Trustees of the charity. For brevity and clarity throughout this report, except where it is necessary to distinguish, the directors and Trustees are referred to only as the Trustees, and the company and charity is referred to as the Society.

Objects and activities

The Society is an educational charity. Its activity for the public benefit is to seek to increase and extend interest in and knowledge of heraldry, armory, chivalry, genealogy and allied subjects. The Trustees have had regard to the Charity Commission's guidance on public benefit when reviewing aims and objectives and in planning future activities.

As an educational charity, the Society maintains an educational website. The Society also publishes a scholarly journal, *The Coat of Arms*, a regular bulletin, *The Heraldry Gazette*, and digital libraries under the title *Heraldry Archives*. The Society arranges lectures, conferences, social functions and visits to places of heraldic interest.

Trustees – Members of the Society's Council

The Council, as the board of Trustees, manages the whole business of the Society. It usually meets formally at least four times in each year and there is frequent other contact and correspondence between Trustees throughout the year. During the reporting year the Council met online via Zoom.

The Treasurer and Secretary are appointed by the Council, being ex-officio Trustees if not elected Trustees. Other Trustees are elected at an AGM for three years and may stand for re-election. After nine consecutive years an elected Trustee must stand down for at least one year. All members of the Society are eligible for nomination for election as a Trustee if nominated by two other members of the Society, there being an AGM vote if there are more nominations than vacancies. Trustees are made aware of their charity and company law responsibilities and of the Society's recent financial performance.

The Trustees who served between 1 April 2022 and the date of this report were:

Elected Council Members and Trustees:

Robert Harrison	First elected 13 Nov 2017; Chairman from 20 February 2019.

THE HERALDRY SOCIETY

PUBLICATIONS

We continue to publish *The Coat of Arms* as an annual full colour publication, which retains its reputation as the premier English-language journal for scholarship in heraldry and related fields. The Honorary Editor is Dr Paul Fox.

WEBSITE

The Society's website (www.theheraldrysociety.com) provides an online shop enabling members and others to buy from our large stock of publications (hardcopy and digital media), second-hand books and merchandise, and to pay on-line. It also provides news and information about the Society's events.

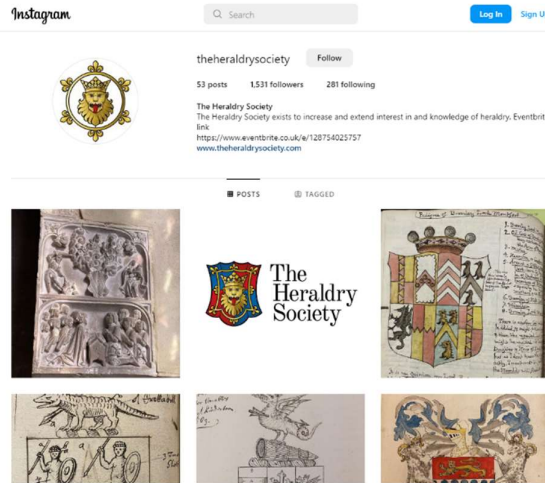

The website also enables new members to join the Society, preferably (if they have a UK bank account) paying by direct debit, and if they are UK taxpayers, with Gift Aid. Members and non-members are encouraged to visit the website.

THE HERALDRY SOCIETY

SOCIAL MEDIA

The Society has an active social media presence on Twitter (@TheHeraldrySoc), Facebook (www.facebook.com/theheraldrysociety and <https://www.facebook.com/groups/theheraldrysociety>), Instagram (@theheraldrysociety), Pinterest and on Reddit in the r/Heraldry community.

EDUCATION

Our two regular publications, *The Coat of Arms* and *The Heraldry Gazette*, and our talks and conferences are the cornerstones of our education programme, supported by other occasional publications. The *Heraldry Archive* provides access to sources for the scholar of heraldry, such as learned journals, essential reference works, heraldic surveys, and conference proceedings. These are published in digital media. From the Image Library online, some 12,000 image files can be downloaded for private study. Our website shows the remainder of the programme.

The Heraldry Society also has an extensive research library. A section is at The Society of Antiquaries in London with the majority at The Institute of Heraldic and Genealogical Studies in Canterbury. The Library collection, which comprises books and manuscripts, is available to members and scholars by appointment, and is partly catalogued on our website. New items are being added to the Library regularly and the catalogue will be updated accordingly.

In conjunction with the Institute for Heraldry and Genealogical Studies, we have a three-tiered education structure for those who wish to study and matriculate with a certificate. The details have recently been refined by the IHGS Principal Emeritus, Dr Richard Baker, a Heraldry Society Trustee until 10 November 2022.

Our Photographic Competition continues to add value, focusing upon heraldry as a source of pleasure and enlightenment.

We support and encourage applications from individual and societies seeking grants to support activities aligned to the Society's areas of interest. Please contact the Secretary for further information.

The Council encourages anyone with practical suggestions as to how we could improve our educational work to contact the Secretary.

THE HERALDRY SOCIETY

STATEMENT OF FINANCIAL RESPONSIBILITIES

Charity and company law require the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Society, and of the income and expenditure for that period. In preparing those financial statements, the Trustees are required to:

- Select suitable accounting policies and then apply them consistently.
- Observe the methods and principles of the Charities SORP.
- Make judgements and estimates that are reasonable and prudent.
- Follow acceptable accounting standards, subject to any material departures disclosed and explained in the financial statements.
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue to operate.

The Trustees are responsible for keeping proper accounting records, which can disclose with reasonable accuracy at any time the financial position of the Society, and which enable them to ensure that the financial statements comply with the Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the Society and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RISKS AND STRATEGY

During the financial year ended 31 March 2021 the Trustees considered the main risks which the Society faces and prepared a Risk Management Policy designed to reduce them where possible and to mitigate their potential effect. The risks identified were largely operational.

The Trustees have recently commenced an exercise to refresh the Society's risk identification and management model.

The Trustees seek to ensure that they provide the necessary direction and control and to organise succession.

FINANCIAL REVIEW

The accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the Society's Memorandum and Articles of Association, the Companies Act 2006 and the Charities SORP (FRS 102), effective January 2019.

Results for the year ended 31 March 2023

Key funding sources

The Society's principal sources of income is membership subscriptions (and associated Gift Aid claimed from HMRC). Further additional income comes from donations, legacies and sales of books and merchandise.

Subscription and donation income

Subscription income, including Gift Aid accrued up to 31 March 2023, was £38,269 (2022: £38,256).

Event income and costs

Since we did not put on any physical lectures in the prior year, our costs associated with (free) events increase significantly compared to prior years.

Surplus for the year

THE HERALDRY SOCIETY

The surplus for the year was £11,070 (2022: £14,559).

Reserves

It is the Society's policy to hold in reserves the equivalent of six months of total expenditure. Based on recent financial performance, that amount is approximately £15,000.

Restricted Fund: the Kirby Special Projects Fund is money given by the Kirby family and their Trusts, for projects whose aim is the advancement of heraldry. Given the lack of original documentation it is not clear whether this donation was indeed restricted, but it is treated as such for accounting purposes and so, for the purposes of the reserves policy, the £50,000 is not treated as reserves available for spending. An alternative view could be reached if further information comes to light.

Unrestricted Fund: at 31 March 2023 the balance on the General Reserve amounts to £106,568 (2022: £95,498).

Council acknowledges that, at present, the Society has reserves above the minimum indicated by our policy and intends to use those funds for our charitable objectives in future periods.

Going concern

The financial statements are prepared on the assumption that the charity is a going concern and will continue its operations for the foreseeable future (being at least twelve months). The Society has no significant short, medium or long-term financial commitments. Council has assessed the reserves of the Society and its future financial commitments and expected expenses and concluded that the preparing the financial statements on a going concern basis is reasonable.

Insurance

The Society has "Charity and Social Organisation" insurance, which covers the following business and operational risks: material damage to physical property, public liability, libel and slander, financial and administrative liability.

Banking

The Society maintains current accounts with CAF Bank and Lloyds Bank and savings accounts with Lloyds and Shawbrook Bank. The CAF Bank account is the Society's 'day to day' account. All expenses paid from the CAF Bank are subject to two 'signatures'. Since most payments are made by internet banking this happens electronically— they are typically initiated in the online banking system by the Treasurer and approved by the Secretary in the same system.

Grants

No grants were made during the financial year. The Society encourage applications from interest parties seeking grant funding to support activities aligned to those of the Society's charitable aims.

Investment policy

The Society does not have a formal investment policy. The Society's funds are kept in cash. The Society seeks to protect its funds against loss in value through inflation by keeping them in higher interest rate accounts (where available) and seeks to protect its funds from the risk of bank failure by not depositing more than the Financial Services Compensation Scheme limit (currently £85,000) within any single banking group.

THE HERALDRY SOCIETY

THE HERALDRY SOCIETY

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF THE HERALDRY SOCIETY

I report to the Trustees (who are also Directors for the purpose of company law) on my examination of the financial statements of The Heraldry Society ('the charitable company') for the year ended 31 March 2023 which comprise the Statement of Financial Activities, the Balance Sheet and related notes.

This report is made solely to the Trustees of the charitable company, as a body, in accordance with section 145 of the Charities Act 2011. My work has been undertaken so that I might state to the Trustees of the charitable company those matters I am required to state to them in this report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the charitable Company and its Trustees as a body, for my work, for this report, or for the opinions I have formed.

Responsibilities and basis of report

As the Trustees of a charitable company you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the financial statements of the charitable company are not required to be audited under Part 16 of the Act and are eligible for independent examination, I report in respect of my examination of the charitable company's financial statements carried out under section 145 of the Charities Act 2011 ('the 2011 Act') and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

An independent examination does not involve gathering all the evidence that would be required in an audit and consequently does not cover all the matters that an auditor considers in giving their opinion on the financial statements. The planning and conduct of an audit goes beyond the limited assurance that an independent examination can provide. Consequently I express no opinion as to whether the financial statements present a 'true and fair' view and my report is limited to those specific matters set out in the independent examiner's statement.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the charitable company as required by section 386 of the 2006 Act; or
- the financial statements do not accord with those records; or
- the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the financial statements give a 'true and fair view' which is not a matter considered as part of an independent examination; or
- the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

The Society is entitled to exemption from audit under the provisions of Section 477 of the Companies Act 2006. No notice has been given under Section 476 of that Act requiring an audit to be carried out.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small company regime.

The Trustees acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with Section 386 Companies Act 2006; and for preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial period and of its statement of financial activities for the period in accordance with the requirements of Sections 394 and 395 Companies Act 2006 and which otherwise comply with the requirements of the Act relating to accounts.

THE HERALDRY SOCIETY

Notes to the Financial Statements 31 March 2023

1. Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with the SORP FRS 102 'The Financial Reporting Standard Applicable in the UK and Republic of Ireland', Companies Act 2006 and FRC Abstracts.

The Heraldry Society meets the definition of a public benefit entity.

Preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported as assets and liabilities at the balance sheet date and the amounts reported as revenues and expenses during the year. Actual outcomes could differ from those estimates. No judgements made have had a significant effect on the amounts recognised in the financial statements.

Fixed Assets

The cost of the website, an intangible fixed asset, is being written off equally over three years.

Depreciation is provided on tangible fixed assets at the following annual rates in order to write off each asset over its estimated useful life:

Website and computer equipment	33% of cost
Library	5% of cost

The Society's slide collection is included at a nominal value of £1 because, in the opinion of the Council, it has no resale value.

Stock

The Society's stock of publications for resale varies from the very old to the new, but it is all specialist in nature and is held or has been donated primarily to further public education rather than to generate income. Consequently, the Trustees consider that its realisable value should be regarded as negligible.

Income – Subscriptions

Income is recognised once the Society has entitlement to it, it is probable that it will be received, and its amount can be measured reliably. Annual membership subscriptions (which are also magazine subscriptions) are due on 1 January in each year for the ensuing calendar year but are only recognised when received in cash, 75% of the subscription cash receipts between January and March being carried forward for the credit of the next financial year and included in creditors as income in advance.

The final balance relating to life membership subscriptions was credited to income in 2020, twelve years after the last life subscriptions were received. The Society does not currently offer life membership.

THE HERALDRY SOCIETY

Notes to the Financial Statements 31 March 2023

Financial instruments

The Society only enters into basic financial instrument transactions that result in the recognition of financial assets like trade and other debtors and creditors. Financial instruments are initially measured at transaction value. They are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statements of Financial Activities.

Cash at bank would (if there were such investments) include short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account, if any.

Creditors and provisions are recognised where the Society has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Such financial liabilities are recognised at cost, no amortisation being necessary.

Funds

SORP 2015 requires the financial statements to show the funds of the Society divided into unrestricted income funds, income funds which are restricted as to their use, and capital funds. Unrestricted funds include those which have been designated for specific purposes by the charity itself. Restricted funds are those donated for specific purposes.

The Society's funds are classified as follows:

Unrestricted Funds:

General Reserve – represents undesignated income funds retained which provide the working capital to enable the Society to carry out its activities.

Restricted Funds:

The Kirby Special Projects Fund represents a capital sum of £50,000 donated by the Kirby family and their Trusts in around 1989 for projects whose aim is the advancement of heraldry. Whilst there is no formal documentation available relating to this gift, it has been – and continues to be – treated and accounted for as a restricted fund. Only income earned by the Fund had been spent.

Judgements in applying accounting policies and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. The nature of estimation means that the actual outcomes could differ from those estimates.

2. Status

The Society is a company registered in England under the Companies Act 2006 and is recognised under The Charities Act 2011. It is limited by guarantee with no share capital. Its income is mainly subscriptions from members in the UK and overseas. The surplus for the year is attributable to UK activities.
